

Time Switches allow customers to setup ways to change Call Routes of their incoming numbers, based on the time of day.

Standard Setup

To create a new Time Switch for your account, head to the 'Time Switch' tab under the Hosted PBX option on the left hand side of the My Account portal.

If you wanted the Time Switch to work Automatically, simply choose the days and time you wanted each position to run.

ADD TIME SWITCH [X]

Name: Business Hours

Timezone: Australia/Brisbane - (12:26pm)

Normal Conditions Destination Time +

M T W T F S S AllPhones @ 9 00 AM [trash]

M T W T F S S My voicemail @ 5 00 PM [trash]

Override Conditions Destination Time +

No conditions have been set.

Save Cancel

[+]

M T W T F S S FridayLunchGroup @ 12 00 PM [trash]

M T W T F S S AllPhones @ 1 30 PM [trash]

Once you have set the desired positions, click **Save** to create the Time Switch. A status of your Time Switch will be shown on the main 'Time Switch' page, to allow you to see the 'Current Route' and 'Next Route'.

Status	Switch	Current Route	Next Route	Current Time
Automatic	Business Hours	12:00pm FridayLunchGroup	1:30pm AllPhones	[QLD] 12:35pm

NOTE: Once you have created your Time Switch, make sure to route your number/numbers to the Time Switch from the 'Number Routing' page.
