

Critical Information Summary

Countrytell High Availability Business Internet

Information About the Service

Countrytell's High Availability (HA) Business Internet service is delivered via Countrytell's own wireless network for the Primary service and the nbn™ for the Secondary. A Network Termination Device (NTD) manages the failover and fail back of Primary and Secondary services. The service is installed to your chosen communications delivery location within your premises. Roof access is required for the installation of our equipment and associated cabling.

Service Availability

The service is available in Countrytell Wireless Coverage areas only. Check our website for details [coverage checker](#). Not all plan speeds are available in the coverage area.

Minimum Term

The service is provided on 12, 24 or 36 month contract term. Service can be cancelled with 30 days notice (early termination fees apply). See minimum total cost applicable to each plan in the Information about Pricing section. Services continue on a month by month basis at the end of the contract term.

High Availability Business Internet Speeds

- Speeds are offered on an up to basis, that is the maximum connection speed available.
- The actual speeds for the service may vary due to a range of factors and may be slower than the maximum connection speeds. Factors include demand on the network, local conditions, Internet traffic, line condition, type of connection, hardware and software or the data being transferred.
- Devices connected via WiFi may experience slower speeds than those connected via an Ethernet cable.
- If the selected plan attainable speed is greater than 12% lower than the plan speed (eg less than 44Mbps attained on a 50/20) then the next lower plan speed will be offered at the applicable rate, or a 10% discount can be applied to the monthly charge.
- All plans include unlimited data, there is no shaping or restrictions fair usage policy applies
